WISCONSIN COVER CROP CITIZEN SCIENCE NETWORK

Share Your Cover Cropping Experiences

- Join over 100 other farmers around Wisconsin with all levels of cover crop experience
- Fill out a survey this fall on your cover crop practices (online or paper option)
- A kit will be provided for you to collect and mail samples (no charge)

As part of your partnership

- Receive a \$100 stipend
- FREE results on your cover crop biomass and nutrient analysis
- Learn from other cover cropping farmers through our interactive map & data reports
